**Summary**

The Local Government Act 1995 requires all local governments to have an audit committee. The primary function of the Shire Audit and Risk Committee is to review the Shires annual external audit and to liaise with the Shires internal and external auditors to ensure that the Shire is appropriately managing its affairs. Audit practice guidelines universally recommend that there be an external and independent membership of an audit committee, as it is an opportunity to bring in specific financial and governance skills. While there are no specific criteria, applicants must demonstrate the appropriate experience and qualifications in at least one relevant discipline such as financial risk management, corporate governance, risk management or auditing and be CPA or CA qualified.

**Summary**

The purpose of the report is to assess application from Neil Kristiansen for an Approved Kennel Establishment for 25 dogs on his 121.6605ha property located at 388 Hulongine Rd, Hulongine.

**Background**

Neil Kristiansen moved to Goomalling in 2023 and was in contact with Ranger Irene Ryan and CEO as he intended to apply for a kennel License. An extension of time was provided. 21/05/24 Application and plans received; fee paid. The proposed Kennel is yet to be built. Ranger attended property and inspected current housing, witnessed materials for proposed kennels and discussed application.

**Housing:** Dogs are currently housed in kennels that are raised from the ground. This allows ventilation and cooling. Raised kennels are also good protection against snakes. The kennels have an area that protects the dogs from the elements.

**Water Supply:** There is large water buckets in each kennel. The dogs are checked 3 times a day.

**Exercise:** The current working and trial dogs are exercised 7-8km per day meeting demands of trialling and competition.

**Condition of existing dogs**      **Suitable**      ✓

**Details:** All the dogs are microchipped and are in very healthy condition. The dogs are extremely well trained and exceptional manners and behaviour. The dogs are registered with the Working Kelpie Council and the Australian Working Sheep Dog Association.

**Ranger Notes:**

When I arrived to the property I was happily surprised by the sight of silent dogs. Not one of the dogs barked at my arrival. The dogs are not wearing bark collars. This immediately indicated to me that the

dogs are well stimulated and well nourished. The dogs are so well trained they do not need to bark for stimulation. The dog area was well maintained and clean of any faeces. I noted minimal flies and no smell present. The applicant is an active Educator in Working Dog Clinics all across Australia, as well as the Midwest and York and Northam.

## Consultation

### Ranger Recommendation

Ranger endorses the application. The applicant is a well-respected member of the working dog community. Neil and Donna Kristiansen have a wonderful property in Goomalling. They have provided education and demonstrations for Agricultural Farm Workers and clinics have been popular for hobby farmers and sheep dog trainers. Neil is keen to promote training and education in the local area and is interested in holding demonstrations if invited to any Shire or Community events in the future. Neil is a responsible dog owner and his application for a kennel is an integral part of his farm and operation. Neil has attempted to meet all conditions of the Local law as best as he can and is willing to be available for any questions. The Ranger has received to references in support of Neil.

There are some variations to the local Laws that need to be considered but I believe the variations would not impact negatively on the dogs, the applicant or the Shire as long as all conditions stipulated are continually maintained. Automatic water troughs for each kennel should be considered. A final inspection, if application is approved- once kennel has been completed and operating is recommended. A dog register should be maintained, in line with animal health standards and for record keeping purposes of annual inspections.

Local Laws below. Blue text highlights variations.
